

# Why do I need travel insurance?

Because sometimes...

## **Life brings the unexpected, and at the last minute.**

Travel Insurance can protect your prepaid, non-refundable trip costs – including a cruise, cooking or language classes, vacation rentals, car rentals, hotels and flights – if you have to cancel for one of our many covered reasons.

## **Travel delays leave you high and dry.**

Travel insurance can take away some of the pain, helping cover eligible meals, accommodation, and transportation expenses during a covered delay. And, our Smart Benefits can monitor your delays and pay without your even filing a claim!

## **You get sick or hurt far from home.**

Travel insurance can step up following a covered medical emergency while traveling. We can even arrange and pay for a medical evacuation to the nearest vetted hospital, and transport you home, if needed.

## **Driving in a new city or country can bring surprises**

Renting a car can be a big financial risk; even a tiny scrape can cost you hundreds. Low-priced, primary and no deductible rental car insurance lets you concentrate on driving.

## **You bring Allianz along on your travels.**

Whether it's a world cruise or a weekend getaway, our Smart Benefits pay automated claims, proactively putting money in your pocket during a covered flight delay. Our policies provide access to our 24-Hour Assistance hotline for expert, personal support in a crisis.
